BUILDING PERMIT PROCEDURES

BUILDING PERMIT PROCEDURE: Complete all applicable permit applications and submit two (2) copies of building plans with specifications. All plans must be provided with an architect seal. The Borough reserves the right to wave this requirement.

NOTE: If Zoning Approval is required, that must be obtained prior to submitting a building permit application.

BUILDING PERMIT PLANS AND SPECIFICATIONS:

- **DIMENSIONS:** Show ALL dimensions of ALL proposed structures – height (ground level to highest point of roof), width and length. Give overall floor plan showing interior layout and dimensions.
- **FOUNDATION & FOOTINGS:** Give ALL foundation information – depth of excavated footings to the finished grade and width of footings. Indicate depth of concrete in footings (minimum 8”). Show size and type of materials used for walls, (i.e. block) and foundation floor. Indicate thickness and PSI (pounds per square inch) of concrete and/or other sub-materials.
- **MAIN BEAMS:** Give size and description of materials of beam and column supports. Spans between columns must be indicated. **If using Manufactured Beams, structural plans must be sealed by Engineer or Architect.**
- **FLOORS:** Indicate joist direction, span, size, spacing, bridging, and anchorage to foundation. Show type and thickness of sub-floor. **If using Manufactured Floor Trusses, structural plans must be sealed by Engineer or Architect.**
- **WALL:** Indicate wall plates, stud size and spacing, type and placement of bracing, details of exterior materials, and door and window headers. Indicate the use of wall insulation, its thickness and R factor. Indicate span of cantilever. Show railings and or guards with height and spacing of all balusters where needed.
- **CEILING & ROOF FRAMING:** Indicate size, spacing, direction, and span of joists. Roof rafters must show pitch, size, span, and spacing. Indicate spacing of collar ties. Show type, thickness, and R factor of ceiling insulation. Roof sheathing and type of roof materials to cover it should be shown. Indicate attic ventilation. **If using Manufactured Roof Trusses, structural plan must be sealed by Engineer or Architect.**
- **ATTACHING TO EXISTING STRUCTURE:** Indicate method of attachment of items B through F above of the proposed structure to the existing structure, if applicable.
- **INTERIOR:** Indicate type and thickness of materials to be used on interior walls and ceilings.

NOTE FOR POOLS: Temporary fencing (such as snow fencing) must be provided around excavation during construction. Details of permanent pool fencing showing compliance with Borough Codes must be shown on plot plan. **Permanent fencing must be in place before pool is filled.**

PERMIT GRANTED: Work may not start until a permit has been approved and granted. The permit card(s) are to be displayed so as to be visible from the street.

INSURANCE REQUIREMENTS: ALL CONTRACTORS MUST provide a Certificate of Insurance verifying valid Worker’s Compensations coverage. In addition, each contractor must show proof that you are registered as a home improvement contractor with the State of Pennsylvania.

INSPECTION POLICY: Call Boucher & James at 215-345-9400 at least 72 hours in advance to schedule each inspection. Responsibility for notification for inspections at the various stages of construction lies with the applicant and/or contractor. **If required inspections are not requested, final approval will not be granted.**

ELECTRICAL POLICY: Dublin Borough does not provide in-house electrical permitting or electrical inspection services. These services must be obtained by the applicant from one of the authorized electrical inspection agencies of the list below. An approval letter from an electrical inspection agency must be received **prior to the building permit being issued**. Rough and final electrical inspections must be obtained by the applicant and proof thereof provided in the manner described. The applicant is responsible to pay the selected agency for the electrical inspections provided.

If Electrical work is needed, then the applicant must:

- Contact an approved electrical inspection agency below to arrange for an electrical permit approval.
- Contact the electrical inspection agency to schedule a rough electrical inspection prior to scheduling the building rough inspection
- Contact the inspection agency to schedule a final electrical inspection prior to scheduling the building final inspection.

NOTE: At each of these inspections, the electrical inspection agency must provide an electrical inspection sticker on or near the main distribution panel. The electrical inspection 'cut card' for the inspections should be mailed to Dublin Borough prior to scheduling building inspection.

NOTE: PERMIT SUBMISSION DOES NOT GRANT "APPROVAL" TO START WORK.

I agree to comply with all applicable codes, statutes and ordinances and with the conditions of this permit. I understand that the issuance of the permit creates no legal liability, express or implied, on Dublin Borough; and certify that all the above information is accurate. A permit issued is subject to Section 105.4 of the IRC and the IBC, as amended. Permit expires if work is not started in 6 months, not completed in 12 months, or if work is discontinued for 6 months in the judgment of the Borough. The Building Inspector, or the Inspector's authorized agent, is authorized to enter the premises for which this permit is sought at all reasonable hours and for any proper purpose to inspect the proposed work. Failure to comply with the above will result in a STOP WORK order. The Borough reserves the right to request a copy of all contracts for work performed.
